

8-22-16

Dear Alexander Body,

I wanted to take time to tell you how much I appreciated your service and help in the repair of my car. We arrived safely back in Gadsden, Alabama and the car ran great. I know you all worked really hard so that I could make it back for my Service on Sunday, and I told my congregation of how wonderful you were in dealing with me. Please know that it was noticed and I and my wife are very appreciative of all you did.

I thank you from the bottom of my heart for your excellence service and also the way I was treated.

God Bless,

A handwritten signature in cursive script that reads "Mike Hengle".
